## TORONTO MAN SHOT HIS CHUM

BOSTON, Feb. 25.—For killing his chum, James H. Lawson, a Toronto man, James P. Farrell, a former resident of Toronto, was sentenced to the State prison at Charleston for ten and a half years. The testimony of the woman wife of the murdered man, who and she thought Farrell was a friend of her husband, was given in court and that he was just in killing her husband, and that of the woman who lives in an O'Hara avenue, Toronto, helped to make the sentence the lightest ever given for a crime of this kind. The prisoner was married in jail last October and his wife will be with him and comfort him until he is released when he will undoubtedly return to Toronto.

The crime was committed in a south end hotel building here July 19, 1910. Farrell had been in Boston for some time. He was a friend of the wife of the murdered man. A dispute arose in which a number of women were hurt, and resulted in the killing of Lawson. Farrell first tried to kill Lawson after he had been knocked down.

I want you to be the judge and you must give your sentence on this matter in conformity with the law. Mrs. Lasky said, "Here's where I got my teeth." Mrs. Lasky went softly and said, "I want a sentence you to ten days' imprisonment from the court." Judge Green gasped and exclaimed, "Woman's specialty." It is that the worst punishment you can inflict on your husband? Mrs. Lasky said it was and Mr. Lasky told the judge he would take a two day rest.

### A "Body Blow"

The Government have received many hard blows from prominent Liberals who are opposed to their tariff policy, but on Tuesday they received a "body blow" from no less important a personage than the Hon. Clifford Sifton, the administrator of a veritable score of blows to his former political associates. During the debate in the House of Commons Mr. Sifton, in a calm and deliberate, but extremely forcible manner, denounced the proposed arrangement as an act of supreme folly, which would undo the work of many years past in building up our country and developing its resources, and would lead to annihilation. These assertions Mr. Sifton backed up most ably with facts and figures, as had Senator Ross, the Liberal ex-Premier of Ontario, during the press news line ago, while the quotations were in progress.

The effect of Mr. Sifton's speech upon the House was very great, and it will be all the greater in the country when all the facts are taken into account.

Mr. Sifton has been one of the most powerful personalities in the Liberal party for a length of time. For a number of years he has held the office of Minister of the Interior, which he resigned in Washington. It cannot be denied that the country has lost a valuable chairman of the commission which was appointed for the purpose of securing the conservation of Canada's natural resources. Mr. Sifton has been untiring in the trust which he accepted in that connection had been given his assent to a policy which would have placed those resources at the mercy of a people who have at all times been hostile to us commercially, but who, having exhausted those resources in their own country, are seeking to exploit with equal prodigality those of the Dominion.

The fact, too, that Mr. Sifton is member for Brandon, one of the most important mining centres in our western provinces, adds to the significance of his utterances.

Mr. Sifton can hardly be commended too highly for his patriotic record in denouncing, before the House, the proposed arrangement, which he is convinced would prove highly inimical to the interests of his country and lead ultimately to political union with our neighbors. In the House of Commons he has been a most able and energetic member, and his record in 1911, withstood from the public his condemnation of the proposed arrangement in the House of Commons, and his record in 1911, withstood from the public his condemnation of the proposed arrangement in the House of Commons.

The debate is going on at the time of writing, and it is evident that other Liberals in the Commons will strongly voice their disapproval of the Government's proposals.

### Consult the People

All that is asked, says the Toronto News, is that the Government shall permit the country to pass judgment on the agreement with Washington. It cannot be denied that the country has lost a valuable chairman of the commission which was appointed for the purpose of securing the conservation of Canada's natural resources. Mr. Sifton has been untiring in the trust which he accepted in that connection had been given his assent to a policy which would have placed those resources at the mercy of a people who have at all times been hostile to us commercially, but who, having exhausted those resources in their own country, are seeking to exploit with equal prodigality those of the Dominion.

### REPORTED PLAGUE CASE AT SPOKANE

SPOKANE, Wash., Mar. 1.—Supplies that, although plague exists in Spokane is being investigated by the local and State health officers and by naval hospital surgeon Lloyd, of Seattle.  
Since January 9, three persons have died of a mysterious malady, which has been diagnosed. The latest victim, a young man, died last night. The contractor, an associated and healthy local physician failed to their case. The case was reported to the State medical officer, and Dr. E. J. Hargrave, of the State medical officer, and Dr. E. J. Hargrave, of the State medical officer, and Dr. E. J. Hargrave, of the State medical officer.

The disease seems to be not of the bubonic type, but of the septicemic type. It was found and stamped out in California four years ago. Bacteria were found in the heavy hand of an attempt to discover the cause of the disease.

Four members of the Spokane Board of Health, Dr. E. J. Hargrave, member of the State Medical Board, met last night to discuss the case of the plague. They were informed by a postman on the body of Oliver in an attempt to discover the cause of the disease.

Specimens from the lungs, spleen and other organs of the deceased were sent to the State medical officer, and Dr. E. J. Hargrave, of the State medical officer, and Dr. E. J. Hargrave, of the State medical officer.

### A SURE CURE FOR INSANITY

NEW YORK, Mar. 1.—A London cable in the Herald says—Dr. Robert, superintendent of the Royal Edinburgh Asylum for the Insane in a report published in the Scotsman of marvellous cures of the insane, in three cases.

The first was a woman who was a sufferer from syphilis. She became insane, losing language ability and had strange delusions. A tablet prepared from the thyroid gland of a sheep was given her. She was transferred to the asylum, and she was cured.

The second case was that of a woman whose affliction was due to a severe syphilis of the thyroid in the blood. She was treated with tablets of the thyroid gland of a sheep.

Dr. Robertson says these substances, if properly used, would have been considered merely twenty years ago.

## PREPARED TO PASS

Preparations for Active Work in Progress—Piers Will Be Completed Next Year

MONTREAL, Mar. 2.—At Mr. Van Rie's suggestion has been accepted by the Department of Railways, and Canada it is quite probable that as soon as the reciprocity discussion is finished a successor to the ex-acting of bridge contracts and civil engineer will be appointed by the Government. This position is a very important one; as Mr. Van Rie's annual one about \$10,000 a month, and even that handsome figure is not an added executive in a work of such magnitude as the Quebec bridge. The salary of the two Assistant Messrs. Moderate paymaster is the same as was paid the Chairman while the contract was in progress, but as soon as the St. Lawrence Bridge Company takes charge of the great work of the two named engineers assume a controlling capacity at a salary of five hundred dollars each per month.

Mr. Hager, the New York agent, was appointed to succeed Mr. M.J. Butler to deal upon the differences which had arisen between Mr. Van Rie and his two engineers, was in the city yesterday, and it is understood that this gentleman will be in conference with the undertaking in a meeting specially called to meet the civil and chief engineer is named by the Ottawa Government. As the bridge of the bridge is named by the expenditure of \$146,000, the Government must find the balance of the cost, and it is expected that the bridge will be completed in the summer of 1912.

The great main piers on the Quebec City and Lewis sides will be built on the greatest piles ever constructed in the Dominion, some 80,000 tons of steel will be used in the structure of these piers. The location of the north main pier will be fifty feet further out into the river than the one on the south side of the river, and that of the Lewis side will be a little nearer to the shore, although the span of the present structure will be somewhat shorter than the bridge to be built. Unlike the old structure, the new one will be built on a foundation on both sides of the river, this of course applies to the steel structure only.

The accident in the north side of the river last fall will in no way retard the construction of the main pier, as the caisson has been repaired and will be floated to the bridge site again in May.

## RECORDS TO PASS

This Would Be Little Interest To The Intelligencer Contestants At This Time—Their Interest Is Now Centered on Who Will Be The Winner of the Special Grand Prize To Be Decided Saturday Night, March 11th, 8.30 p.m.

Aeroplanes, biplanes, dirigible balloons and other up-to-date air craft may in the near future pass over Belleville. This would no doubt cause quite a little excitement hereabouts. However, the most exciting thing in this vicinity at the present time is the great Intelligencer contest. Many young ladies are making a grand race for the prize, and the interest is now directed in who will be the winner of the special prize to be awarded next Saturday night, at 8.30 p.m.

Only one week more to work for the special prize; one week more in which secure full honors for the special prize of one year or more. Are these few days going to yield you the honor of votes they should?

Unless all signs fail, these few days are going to see some record broken in the number of vote cast and the number of subscriptions secured by The Intelligencer contestants.

These special offers—the special price and the bonus votes—spell Saturday night, March 11th, you can hand the special prize, and the same votes that win the special prize will help you win one of the regular prizes. Has it occurred to you that up to Saturday night every effort put forth in securing subscriptions of one year or more, with the bonus votes, will do you nearly double the good it would under the regular plan of voting?

We are just entering the last half of the contest, and from now on the competition will grow daily more spirited.

Make every day count for you; make every hour in the day, day, its harvest of votes. Don't overlook a single opportunity to secure votes, and don't be backward about asking for subscriptions. You may be very sure of one thing; before the contest is over your friends and acquaintances are going to give their subscriptions to some candidate. It's simply a question of which. And in many cases the subscription will go to the one who gets there first. Many of the contestants are remarking on the ease with which subscriptions are secured, who are meeting with success. If you are doubtful, try it. Let people know that you are in earnest; that you mean to win one of the splendid prizes, and that you need their help. And you'll get it.

## HOW BALLOTS ARE SENT.

In all cases where vote certificates are issued, subscriptions must be paid in advance. The full amount of money must be sent direct by mail, paid to the contestant, or brought to this office.

Colonial Premier Will Meet in London on May 22—Some Big Questions for Discussion

LONDON, Mar. 2.—It is announced that arrangements have been made for visiting the Imperial Conference on May 22, with the Imperial Legislature to April 28. The former of these is of course in the most important of the two, and will be of considerable importance to the first of a new series. These conferences, it may be recalled, began as Colonial Conference, and were the name of Confederation of the Colonies. The first was held in 1887, advantage being taken of the presence in London of the Premier in London for Queen Victoria's Jubilee. Similarly the second took place at the Balmoral Jubilee, and the third during the time of King Edward's coronation. But at the latter a resolution was passed providing for regular periodic assembling of the Conference, and the fourth was held in 1902. It is to be recalled that the Conference have grown much smaller in numbers owing to the removal of the colonies from the Empire. The Premier attending came from Canada in 1902, New Zealand, South Africa, Cape Colony, Natal and the Transvaal. The United Kingdom, South Africa has been formed, and General Baillie will come this year as President of the Empire of South Africa. Cape Colony, Natal and Transvaal have been formed, and General Baillie will come this year as President of the Empire of South Africa. AS THE MOST POPULAR CANDIDATE IN THE INTELLIGENCER CONTEST.

(Signed) .....

Date, .....

One nomination sent in will count 1,000 votes if sent to The Intelligencer Contest Managers. The Intelligencer reserves the right to reject any objectionable nominations. Only one nomination blank allowed for each number.

### The Two Districts are Divided as follows:

DISTRICT NO. 1.—All territory within the city limits.

DISTRICT NO. 2.—All territory covered by The Intelligencer outside of the city limits.

Remember, there are two grand prizes, one for each district, and five district prizes for each of the two districts, 12 prizes in all.

Special prize will be awarded from time to time during the contest.

THE ONLY CONDITION.—Cut nomination blanks and tabulate carefully along the heavy ruled line and send to this office.

THOSE EXCLUDED.—Any lady of good character may become a candidate by being nominated in proper form.

THOSE EXCLUDED.—No employee of a daily paper or dependent member of a family of such an employee will be accepted as a contestant. The Intelligencer also reserves the right at any time during the contest to refuse to admit any who, for any reason whatever, are deemed undesirable.

WITHIN THE DISTRICT.—Each candidate must reside in the district in which she is nominated. Candidates are not confined to work solely within their district; the whole territory is a field for each contestant.

AS TO CONDITIONS.—In accepting the nomination, each contestant agrees to abide by all of the above conditions and to accept the decision of The Intelligencer in any controversy that may arise.

### THE SECOND THING TO DO—Send or bring the nomination blank to Contest Manager of The Intelligencer, which will give you credit for 1,000 votes toward winning one of the 12 prizes, and will send you a receipt book to be used when securing subscriptions to this paper. A representative of The Intelligencer will call upon you and explain the proposition in detail, if you don't thoroughly understand it, and will render you any assistance possible. You must know that we are anxious to have you in the race, otherwise we would not spend so much time and use so much space in talking to you about it. We shall keep this up until we have you interested, either for yourself or for one of your friends.

THE FIRST THING TO DO—Cut out the nomination blank, which will be found in each issue of The Intelligencer. Fill in the blanks with your name, etc., if you wish to nominate yourself, or with the name of anyone else whom you may choose to nominate. Be very careful to write plainly, so that there can be no possibility of an error being made. There is no doubt that many contestants will be careless in making out their nomination and subscription, though we wish to avoid it as far as possible, and will ask the cooperation of those interested in the contest. Please bear this in mind, securing no nominations to The Intelligencer.

THE THIRD THING TO DO—As soon as you are nominated, get out among your friends; get them to subscribe for The Intelligencer, giving you their votes (note note will be found in each issue of the paper). Send the subscriptions to the Contest Manager, together with the amount covering each subscription. An early start will be of great advantage to you as a few of them will put you high up in the list that you won't want to allow anyone to beat you. There is no reason that you should, either. All you need to do is to keep on working. Pay no attention to how many votes some one else has; look after your own candidacy, and thereby set a good example for the other contestants.

You are to understand that this work may be done during your leisure moments, though even if you were to spend your time doing nothing but securing subscriptions to The Intelligencer, the reward for your labor would quite suffice to repay you many times over. Think what a wonderful profit would be yours were you to win our First Grand Prize, that \$400 Heintzman Piano and the \$300 Kohler-Campbell Piano purchased from W. B. Riggs.

Rev. T. A. Moore at Bridge St. Church Yesterday—Call in Uplift

Canadian Citizenship—An eloquent tribute to Canada—A country

such as David said About—Home Life, However, said in His

Disappointment—The Causes of and the Cure For This State of

Affairs.

Inspiring and instructive addresses on

the subject of Temperance and Moral

reform were given in Bridge street

church yesterday by Rev. T. A. Mo-

ore, D. D., General Secretary of

this department of the Methodist

church work. The several gen-

eral addresses were well received

and all to its importance there

was no one to dissent and every

subject of his address was "The Call

to a higher life." The Canadian

and his remarks were based on the

scripture word, namely, a portion of

the eighth chapter of Isaiah. In his

opening remarks the divine referred to

the subjects of Canada and its possibilities.

Canada, he said, was a country

going to develop good character and

stable citizenship. It is too good a

country for any one to be led. We

should all be good citizens. It is a

country like David sang to be in the

Psalm. In the great far-reaching

vision of the United Empire Loyalists

was what they did to build up a

great nation, and to bring to the

Province of Ontario. The early

French in the neighboring province

of Quebec were not so true and of a

different race was a matter of

fact. We should all be good citizens

of Canada. What faithful

citizenship is, he said, is a

disgrace for a Canadian to become

disloyal. The house life of Canada

is a sad and a state it was some

years ago, and to society meeting

and to the state of the nation.

the attention and revivings of these

to compose the national. King

George, in sending a message over

the radio, said that the foundation

of the nation is the home life, and

the home life is the heart of the

home of the nation. Let us make

the home life a value on our life.

Our school life is

another valuable asset of the

home life. We should all be good

citizens of Canada. We should all

be good citizens of Canada. We

should all be good citizens of Canada.

We should all be good citizens of

Canada. We should all be good

citizens of Canada. We should all

We should all be good citizens of

**ORGANIZATION.**

The more important points regarding the Company as set forth in a letter by the President, may be summarized as follows:

1. After showing for depreciation the value of the fixed assets as determined by the Canadian American Appraisal Company, Limited, is \$2,500,000, or nearly twice the amount of bonds issued. This is exclusive of the standing timber on the area on which the Company holds a concession.
2. The cost of producing pulp is highly debatable, while the price obtained has steadily increased.
3. The close proximity of the plant to the West markets of the United States presents an increasing demand for the Company's product.
4. The net earnings of the Company as determined by Messrs. Price, Wetherill & Co., for the past three years, were as follows:
  - Year ending 31st December, 1908, \$50,893.81
  - Year ending 31st December, 1909, 109,555.30
  - Year ending 31st December, 1910, 207,899.93
 The net earnings for 1910 show the bond interest earned almost three times over.
5. By reason of the operation of the Sinking Fund, which is calculated to retire the total bond issue by maturity, there is no over issue of equity capital.
6. The ownership of the Company is in strong and practical hands, assuring conservative and successful management, and the Works on which the Bonds are secured are well established and in successful operation.

The Dominion Bond Company, Limited, are prepared to accept applications for the above Bonds at the price of 97 1/2% (ninty-seven and one-half), payable as follows:

- 17 1/2% on allotment.
- 40% on 30th April, 1911.
- 37 1/2% on 30th May, 1911.

Prospectus regarding the Company, together with application forms, will be furnished upon application.

Sinking Fund of 5 per cent per annum, commencing 1912. The Bonds are redeemable on any interest date thereafter at a price not exceeding 110 and interest, either by purchase in the open market or by annual drawing.

**MY STRANGEST GIFT**

Devotion Tribute Paid to Great Gift

Everyone has heard of the enormous sum paid to famous singers for their covered services—such sum money as \$100,000, \$200,000, \$500,000, and even \$1,000,000 for a single evening. These huge fees are not, however, the only reward the singer gets for time and talent spent in giving pleasure to the public. After a brilliant performance the delighted audience often insists in showering all its money on the singer. Many of these gifts are of a rich and valuable nature, and the singer is the recipient of some of the most valuable gifts of his life.

One of my most recent gifts was a beautiful diamond ring. It was a gift from a young girl who had been my friend for many years. She had saved up her money for a long time, and she had bought this ring for me. It was a beautiful ring, and I was very happy to receive it.

Another gift I received was a beautiful diamond necklace. It was a gift from a young woman who had been my friend for many years. She had saved up her money for a long time, and she had bought this necklace for me. It was a beautiful necklace, and I was very happy to receive it.

These gifts are very valuable, and they are a great reward for the singer. They are a proof of the love and appreciation of the public. They are a great source of pride and pleasure for the singer.

The unusual high water in the line of decorating forecasts a good year for our decorative activity, and the execution of the work advised on, all the time from our Toronto branch, and assure us that we are in line for a busy year.

We recently decorated for a manufacturing firm a suite of offices, (out of the city), that critics are not particularly for artistic workmanship in Ontario. If you are a student of the wall paper in the office. It would be to your credit to show same.

## Watch Paper For the Grand List of Contestants In This Great Contest.

### Nomination Blank

Write plainly. It is advisable to use this blank, but nominations can be written on any paper. This coupon is printed for convenience only.

I Nominate .....

Address .....

District No. ....

AS THE MOST POPULAR CANDIDATE IN THE INTELLIGENCER CONTEST

(Signed) .....

Date, ..... 1911. Address .....

One nomination sent in will count 1,000 votes if sent to The Intelligencer Contest Manager. The Intelligencer reserves the right to reject any objectionable nomination. Only one nomination blank allowed for each nominee.

The Two Districts are Divided as Follows :

DISTRICT NO. 1.—All territory within the city limits.

DISTRICT NO. 2.—All territory covered by The Intelligencer outside of the city limits.

Remember, there are two grand prizes, one for each district, and five district prizes for each of the two districts, 12 prizes in all. Special prizes will be awarded from time to time during the contest.

THE ONLY CONDITION.—Out nomination blanks and ballots carefully along the heavy ruled line and send to this office.

THOSE ELIGIBLE.—Any lady of good character may become a candidate by being nominated in proper form.

THOSE EXCLUDED.—No employee of a daily paper or newspaper, member of a family of such an employee will be accepted as a contestant. The Intelligencer will reserve the right at any time during the contest to refuse to admit any who, for any reason whatever, are deemed undesirable.

WITHIN THE DISTRICT.—Each candidate must reside in the district in which she is nominated. Candidates are not confined to work solely within their district; the whole territory is a field for each contestant.

AS TO CONDITIONS.—In accepting the nomination, each contestant agrees to abide by all of the above conditions and to accept the decision of The Intelligencer in any controversy that may arise.

THE FIRST THING TO DO.—Cut out the nomination blank, which will be found in each issue of The Intelligencer. Fill in the blanks with your name, etc., if you wish to nominate yourself, or with the name of anyone else whom you may choose to nominate. Be very careful to write plainly, so that there can be no possibility of an error being made. There is no doubt that many contestants will be careless in making out their nominations and subscriptions, though we wish to avoid it as far as possible, and will ask the co-operation of those interested in the contest. Please bear this in mind securing subscriptions to The Intelligencer.

THE SECOND THING TO DO.—Send or bring the nomination blank to Contest Manager of The Intelligencer, which will give you credit for 1,000 votes toward winning one of the 12 prizes, and will send you a receipt book to be used when securing subscriptions to this paper. A representative of The Intelligencer will call upon you and explain the proposition in detail, if you don't thoroughly understand it, and will render you any assistance possible. You must know that we are anxious to have you in the race, otherwise we would not spend so much time and use so much space in talking to you about it. We shall keep this up until we have you interested, either by personal or for men of your friends.

THE THIRD THING TO DO.—As soon as you are nominated, get out along your friends, get them to subscribe for The Intelligencer, giving you their votes (vote made will be found in each issue of the paper). Send the subscriptions to the Contest Manager, together with the amount covering each subscription. An early start will have great advantage to you as a few of these will get you as high up in the list that you won't want to alter yours to beat you. There is no reason that you should, either. All you need to do is to keep on working. Pay no attention to how many votes you use the day, look after your own candidacy, and thereby set a good example for the other contestants.

You are to understand that this work may be done during your leisure moments, though even if you were to spend your time doing nothing but securing subscriptions to The Intelligencer, the reward for your labor would quite suffice to repay you many times over. THE LEADING QUESTION WHO WILL WIN? 890 CASES OF TYPE

**RAISED AN ORDER**  
(Intelligence Special.)

This plan, which was brought out by Father O'Sullivan, within twenty years the measure of the church will have paid in \$1000 each, ten \$500, and ten \$500. With the expiration of two years the entire cost of the building will have been paid for our dividends.

If you let others do your loaning for you it will not be overdone.

He found from examination of several hundred savages' teeth that increased work which their mouths had been made to do had resulted beneficially for their teeth. It was also a fact that the front teeth of savages were worn more than those of civilized people, the reason being that the savage cuts his food with his front teeth. "The uncivilized way is better for the teeth, but it doesn't look as well," said Dr. Wheeler.

## INSTRUCTIVE EXHIBITION OF NATURAL SCIENCE

The teachers and pupils of the High School, yesterday afternoon, crowded the newly enlarged lecture hall, to witness one of the most interesting and instructive exhibitions of natural science that has ever been given in our city. Several members of the faculty of education and other workers were also present, and enjoyed the treat. For over an hour, Mr. E. W. Amittage, of Sherbrooke, Que., kept his audience spell-bound as he explained the laws and nature of lightning, thunder, and the various forms of electricity. He illustrated his explanations by means of a number of experiments, and his explanations were so clear and so convincing that the audience was completely won over. ## There's a Reason Why

Someone has said "there's a reason for everything." There's a reason why our store has a reputation for LADIES' GARMENTS. There's a reason why we can give you just what you require in Ladies' Garments. There's a reason why we can fit you as you cannot be fitted elsewhere. There's a reason why our styles cannot be had in other stores. There's a reason why we sell more Ladies' Garments than any other store in Central Ontario. These reasons may be given all in one, "We are specialists in Ladies' Garments." Ours is a Woman's Store.

We carry no men's clothes. Our whole time, our constant care is to provide what is the newest in style, the best in quality, that will appeal to the woman. Ours is essentially a Woman's Store; we sell only Stunke and Fancy Dry Goods and Ladies' and Children's Garments.

## New Costumes Beautifully Tailored

We are now showing the best collection of Ladies' Tailored suits that we have ever offered for a Spring suit. The new colors are all represented, Blues, Greys, Blacks, Tans, Tealoses, with a range of strong up-brown colors. The collection is priced at \$15.00 to \$35.00 each.

# THE JUDGES AND THE DIVORCE

Rev Dr. Hicks Again Pretests Against Attack on Canadian Marriage Law

Rev. Dr. W. H. Hicks, President of the Toronto Methodist Conference, from his pulpit in Brimley Temple, Toronto, on Sunday night, again protested against the attack of the Church of Rome on the marriage laws of Canada. The Pope's new decree, dated at Rome, 1908, which clergy were endeavoring to enforce in Canada, led to the recognition of the marriage of a Roman Catholic and a Protestant as a first prelate of the ceremony.

The Roman Catholic Church has stood against all forms of divorce, but this decree is a blow to the worst divorce law in the world. The divorce law in Canada, to get a divorce in this state, one must have been married for a year, and the marriage was committed after the marriage law in the province since the husband or wife.

THE ROLL OF HONOR.  
Miss Pauline Dill.  
Miss Irene Stewart.

The standing of the candidates as they appear below shows the result of the balloting up to 6 o'clock last night. Following the count at that hour, the ballot box was locked and sealed and will not again be opened until 10 p.m. Saturday night. The judges will make the final count.

As previously announced, no response clipped from the paper will be counted hereafter. Vote your ballot on the candidates. No without doing the work done by the candidates from now until the close of the election will largely determine the outcome.

While these young ladies bear their respective districts in present and have each reached the top through earnest and untiring efforts, they are not to be considered as having by no means outdistanced their competitors; neither does the vote cast by any of the contestants represent the entire number of votes that have been secured. So without doing the work done by the candidates from now until the close of the election will largely determine the outcome.

HOW BALLOTS ARE SECURED.  
In all cases where vote certificates are issued, subscriptions must be paid in advance. The full amount of money must be sent direct by mail, paid to the contestant, or brought to this office.

# MISS FLORENCE WINS THE GRAND PRIZE

THE INTELLIGENCER CONTEST ENDED SATURDAY NIGHT, 10 P.M., WITH REMARKABLE SHOWING OF STRENGTH ON PART OF MANY CANDIDATES—MANY NEW SUBSCRIBERS ADDED TO THE DAILY AND WEEKLY INTELLIGENCER—NEARLY THIRTY MILLION VOTES WERE CAST IN THE GREAT CONTEST.

Miss Maude Fleming, the most popular young lady in Belleville, won the first Grand Prize, the beautiful \$400.00 Heintzman & Co. Piano, with 4,484,110 votes, having the largest number of votes in both districts.

Miss Pauline Duff, of Trenton, the most popular young lady in District No. 2, won the beautiful Kohler & Campbell Piano with a total of 2,670,000 votes.

Miss Theda Barrager was second in the district with 3,453,570. Miss Gertrude Thompson third with 1,765,560. Miss Gustie Martin fourth with 1,348,710.

Miss Grace Boyle fifth with 1,280,000. Miss Estelle Heston sixth with 1,255,000. Miss Hazel Hume, seventh, with 1,219,780.

Miss Ethel Mann, third, with 1,474,230. Miss Louise Story, fourth, with 991,520. Miss Mahd Kerr, fifth, with 906,710.

Miss Edith Latta, sixth, with 650,510. Promptly at 10 p.m. Saturday night the great Intelligence Popularity Contest came to a close. The judges appointed to make the final count then took the ballot box to the stage of Griffin's Opera House, broke the seals and made the final count in the presence of all the contestants and their many friends. It was without doubt the greatest demonstration ever recorded candidates in any contest.

The opening given the winning candidates was warmly announced by the judges was tremendous, and the great crowd present was very enthusiastic as their favorites' names were announced.

The Intelligencer certainly appreciates the work of these young ladies and their friends, and is glad to be able to say that there was a single unpleasant feature connected with the contest and not a misunderstanding of any kind. The contest was the first of its kind ever conducted in this section of the country, and the Intelligencer almost doubted its conclusion.

The judges were very much interested in the contest and toward their opponents and the only regret now is that there were not more prizes, so that all the active workers might have been successful. The first six winners in each district, in the prize, the first six winners in each district, in the prize, the first six winners in each district, in the prize.

The report of the judges who counted the ballots and made the findings is as follows:

"We, the judges, elected to count the ballots in The Intelligencer Contest, report the following results:

# AN INJURED LADY GOT BIG VERDICT

Miss Agnes Shayne, injured in Collision, Given Big Damages by Justice Laidford

Appearing alone as a bundle of nerves and claiming that her hand writing had been ruined, that she was only able to put up one way and that she is only able to raise her arms in one position, Miss Agnes Shayne, of the Huron St., Toronto, entered an action for \$40,000 damages from the Toronto Street Railway for injuries received as a result of being in a collision between two cars.

The Street Railway was represented on Friday by Mr. Laidford, who was unable to be present, but Mr. Justice Laidford insisted on proceeding with the action.

His lordship reserved the right for Mr. Laidford to cross-examine the witness, Mr. M. K. Cowan, K. C. who was called without a jury.

Two witnesses for the chair near the lawyer's table was the first to give evidence, and the trial of the case was continued on Friday, Sept. 21, 1910, when at the corner of McCord and College streets it ran into a College car.

Miss Shayne stated that she worked for the Warren Manufacturing Co., and that she earned \$4 a week. During her spare time she said she acted as a commission merchant between country stores and city buyers.

"Will you explain what you mean?" said the judge.

"Well the country buyers have race and hatter and the city buyers have shoes and hats and the country buyers have hats and shoes and the city buyers have shoes and hats."

"I thought a hatter was for \$12 and a shoe maker for \$45," she said.

In the year prior to the plaintiff's trial she had sold shoes for \$45 a pair. In the year prior to the plaintiff's trial she had sold shoes for \$45 a pair.

At the conclusion of this and a short examination of Miss Shayne, the judge said that he would reserve his decision until the next day.

Meanwhile the situation is being watched by the Liberal party, and it is current comment that if Mr. Borden resigns a general election will be called immediately.
